

Butternut

**Delicious alone, even better with friends, we know
that the best moments are with Butternut!**

Butternut embodies the essence of its California roots, delivering a consistently fabulous, fun and dependable wine experience with every glass. This wine wasn't crafted to BE the experience, it was crafted to ENRICH the experience. We create smiles before the bottle even opens and hours of cheer long after it's finished.

Our heart may belong to Chardonnay, but we know variety is the spice of life, so we've crafted our Pinot Noir, Cabernet Sauvignon, Sparkling, and Sauvignon Blanc to be the perfect partners to please your troop of fellow wine nuts. Grab a bottle of each or fall in love with just one. Whatever your choice, take a moment to butter yourself up!
